Dockside

Kaindl laminated flooring brings the natural appeal of "real" wood with a single-strip, highly desirable 7.6" x 54.45" plank size. The Dockside collection adds a soft, calming aesthetic to any space, while Embossed in Register (EIR) technology enhances the realism by aligning the texture with the printed wood design, delivering a look and feel that's impressively authentic.

Thickness: 8mm Size: 54.45"x7.6"
